

## WHAT IS FILMARKET HUB?

Filmarket Hub is an online marketplace that connects film and television projects in development with the audiovisual industry: production companies, TV networks, OTT platforms, international sales agents and distribution companies. It is an initiative born with the aim to give visibility to the best emerging talent and stimulate production agreements at the international level. It currently has more than 20,000 users throughout Europe and Latin America.

The platform also organizes pitching events under the brand Pitchbox, such as the London TV Pitchbox, where series were presented to companies such as Entertainment One, Sky, Red Arrow Studios Intl., UKTV and Virgin Media. Our Sitges Pitchbox, focused on genre projects, which has had guest of honor attendees such as Guillermo del Toro. Our latest event FICG TV Pitchbox, with companies such as Amazon Prime Video, Dynamo, Fabula, Fox & HBO, attending.

Filmarkethub's marketplace has been a meeting point for numerous succesful productions, such as the debut film of the Alenda brothers starring María León and Javier Rey, 'Sin Fin', released this 2018 by Filmax.

## ADVANTAGES OF HAVING YOUR PROJECT ON THE ONLINE MARKET

1. Available 365 days a year from any device.
2. Extremely cost effective in comparison to traditional onsite markets.
3. Showcase your project to hundreds of international companies.
4. We match needs of projects with needs of producers.
5. Our ONE PAGE format is a simple and attractive sales tool.
6. Possibility to upload a teaser and/or a video pitch.
7. Eligibility to apply to Filmarket Hub's pitching events at no additional cost.

## HOW ARE THE PROJECT'S MATERIALS PROTECTED?

Your project will only be visible to PRO companies (*production companies, distributors, sales agents, broadcasters, VOD platforms*) validated by Filmarket Hub.

To access your materials and contact information, companies must send you a request and be authorized by you.
